

The NeoTek[™] fastening system is the next generation of smart tool solutions. The lightweight, ergonomic design along with fully programmable features such as the high-output LED light rings, audible alerts, and handle vibration all create a better user experience that leads to decreased operator fatigue and increased productivity.

FEATURES

- 1 million cycles maintenance-free*
- Repeatability & accuracy with 2.0 Cm/Cmk at +/- 7%
- 21% lighter (tool/cable system) than existing tool family
- Digital communication for reliable performance
- Internal temperature monitoring
- Configurable LED light rings
- Data logging with on-board tool memory
- Preventive maintenance alerts
